POLITICAL THEORY

Why Big Ideas Matter

Simon Stevens

This textbook offers an innovative way of studying political theory: big ideas are presented to the reader across time and space. Students are equipped with the tools to decide which view they agree with - if any! - and are introduced to the energetic and contentious debates we encounter when trying to answer the most important questions in politics, from private property and legitimacy to power and freedom.

Readership: This is the perfect introductory text for undergraduate and postgraduate students of political theory, who do not just want a repeat of the same ideas, but a fresh debate about them.

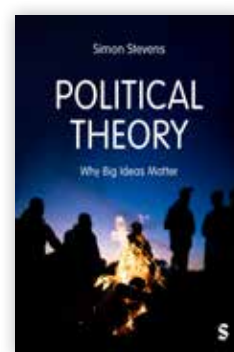

Subject: Political Theory & Thought (General)

Category: Core Textbook
