

**Table 8.1b** When Linearly Dependent Variables Are Entered Into the Same Analysis in Ordinary Least Squares Regression

Excluded Variables <sup>a</sup>							
Model	Beta In	<i>t</i>	<i>p</i>	Partial Correlation	Collinearity Statistics		
					Tolerance	VIF	Minimum Tolerance
1 SES	. <sup>b</sup>	.	.	.	−1.169E-013	−5.926E+13	−1.169E-013

<sup>a</sup>Dependent variable: ACH.  
<sup>b</sup>Predictors in the model: (constant), zSES08.
